

## Kilroy – Public Outreach Meeting # 10

Time: 4:30 PM Thursday, February 21, 2019

Location: 384 Oyster Point Blvd., Suite 1

Meeting Minutes

1. Generators
  - a. Residents would appreciate notifications on progress of temporary power installation to get off generators.
2. Flooding
  - a. Residents are increasingly concerned about damage to their vehicles from driving through salt water
  - b. There was a suggestion to install some type of bridging system through flood zones.
  - c. Residents suggested that notifications be provided that indicate the timing of potential floods.
  - d. Residents suggested that a fresh water source be provided so that they can wash salt water off their cars.
3. Signage
  - a. Signage directing bicycles to use the bay trail was suggested in order to deter bicyclist from the temporary roadway.
  - b. Signage for "Flood Zone" was suggested along the temporary roadway and bay trail.
